

You may have heard of the **Lions Gate portal?**

This is when the sun and Sirius move closest to the Earth. Every year this portal opens every year between July 28 and August 12 but August 8th is considered official activation day. This year it also happens that the New Moon falls on the 8th of August as well in the sign of Leo!

Sirius, is the **brightest star in the night sky**. It is full of life force energy, approximately 25 times as luminous as the Sun. In astrology and the world of woo woo, it is often referred to as the spiritual sun. It transmits its energy (highly charged particles) to our entire system via the magnetic field lines. We literally receive energy from Sirius!

Sirius moves into direct alignment with the earth, Orion's belt and the Pyramids of Giza on the 8th of August, signalling the Lions Gate Portal. The energy at this time is of Divine Love and Compassion. **The Sirians manifested on the Earth plane as teachers coming to assist humanity to remember who we are...** and these star teachers include the Goddess Isis. Sirius, and the celestial manifestation of the Goddess Isis

Isis energy themes are: magic, harvest, dreams, divination, perspective, faithfulness, love, spirituality and destiny. Egyptians venerated Isis as the Queen of Sorcery, Life of the Nile, Mother Moon, and Protectress. Isis taught humankind the basic skills necessary to build civilizations, and She came to represent the powerful attributes of faithfulness, love, inner beauty, intuitive insight, and spiritual awareness (to name just a few).

The Lions gate portal is a time of high energy, opportunities for dramatic new beginnings. This is a time when new levels of consciousness are infused into the planet and also into each of us individually.... and we certainly could use it right now!

The New Moon is a time of manifesting. This particular new moon is in the sign of Leo. Leo is ruled by the sun and wants to experience the full exuberance of life and all its richness. Basically Leo energy wants to shine! The energy available to each of us is magnetic, courageous, creative and loyal.

The Leo New Moon is concerned with self-expression, and showing what's in your heart. It is an invitation to open your heart, and awaken your deepest desires. This is a great time to ask yourself if you've truly been doing the things that make you feel the most fulfilled.

The New Moon is a time of planting the new seeds of intention. It is a time of manifestation, clarifying and contemplation. It is a great time for focusing on your goals, setting intentions, launching new projects and making your desires known to the universe.

This New Moon is in the element of Fire:

Fire has traditionally been associated with Spirit. Fire represents the desire for life, the will to be and become. The element of fire represents our passions, creativity and motivation. It has the energy of will and determination.

New Moon Fire Ritual Example:

Using your voice, speak your greatest desires into the flame of the candle. Visualise the flame burning the barriers and obstacles between you and your dreams. It is a time for the Phoenix to rise from the ashes into a new life!

At the end say the following affirmation (or your own):

'I am all powerful, worthy of my heart's desires and courageous enough to command a life worthy of me. I align with the manifesting energy of the New Moon and the Lions Gate frequency. I align with the eternal wisdom of my soul. I embrace the energy of love, the most powerful energy of the Universe. And so it is!' Blow out the candle.

The Lion's Gate Numerology

In numerology, eight is the number of infinity. It is the energy of empowerment. It supports efforts and intentions that manifest in the material world. Its power resides in its ability for manifestation on every level.

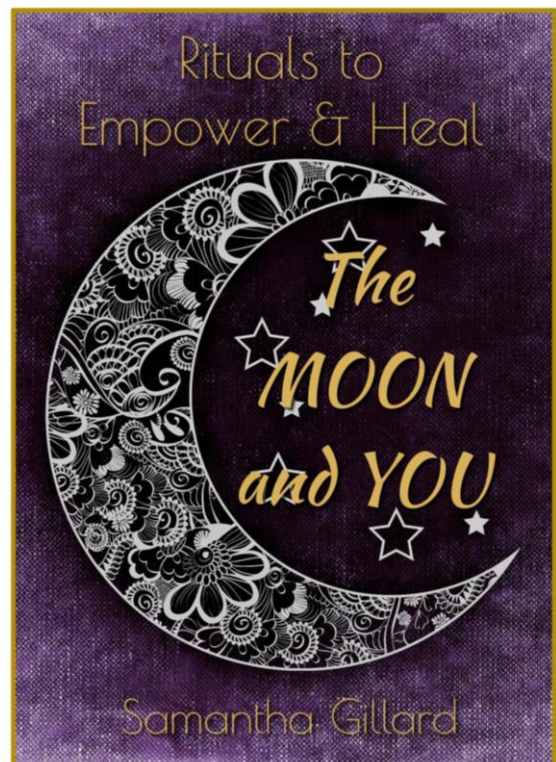

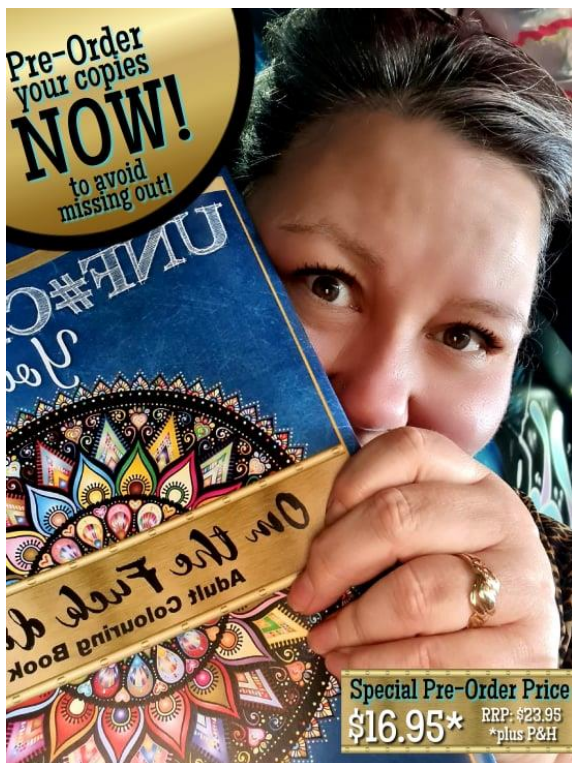

So when an eight shows up, it is offering assistance to rapidly manifest whatever it's directed toward like a laser. The eight amplifies anything it is focused on.

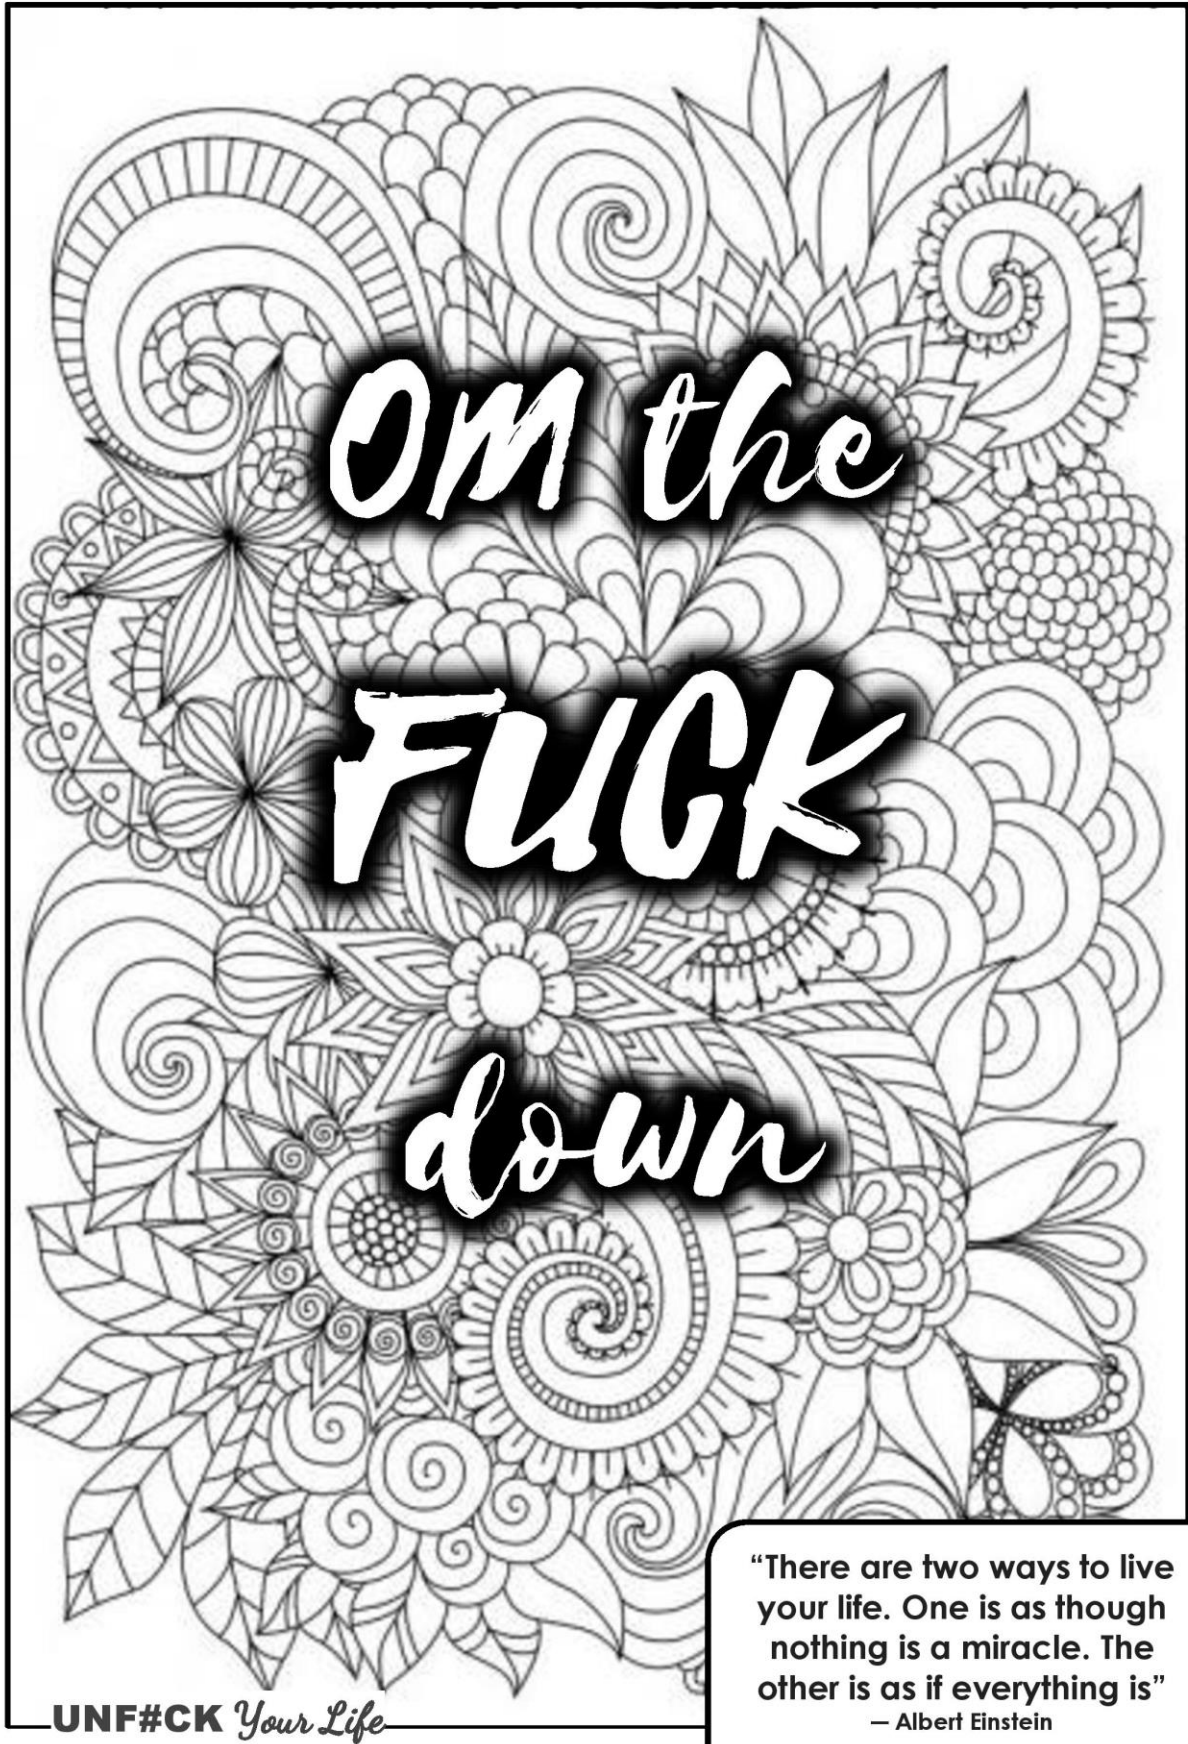

So you have the BIG THREE power house manifesting energy systems at play tomorrow:

1. Lions gate portal
2. 8th of August
